**MEDIA NOTE**

**Important Passport Security Enhancement: No Amendments**

Effective September 26, 2005, as an additional security enhancement, Passport Services will no longer amend valid passports. Instead, customers requesting name changes, extension of validity for limited passports, or correction of a printing error will apply for replacement passports.

If the change is *within one year after issuance*, they will submit a U.S. Passport Re-Application Form (DS 5504), together with the passport that needs the change, the documentation required, and new passport pictures. There will be no charge for routine processing.

If the change is *more than one year after issuance*, customers will need to submit an Application for Passport By Mail (DS-82), together with the passport that needs the change, the documentation required, and new pictures. The cost includes the \$55 application fee and \$12 security surcharge, for a total of \$67 for routine processing. Of course, if the requested data change is due to a printing error by Passport Services, there will be no charge.

Those only needing to add visa pages to their passports will submit an Application for Additional Visa Pages (DS-4085). This service is always free of charge when routine.

All of these forms will be available online at [travel.state.gov](http://travel.state.gov). The Passport Amendment/Validation Form (DS-19), previously used to amend passports, will no longer be valid.
